Acerage Estimator for 1:24,000 Scale Maps	AcerageEst24	8.00	4.00	

Notes: T – Top Seller N – New or Updated Product P – Price Change

We are changing the descriptions and SKUs on the Map Rulers and Map Ruler Kits. Old SKUs all started with LL for Lat/Lon, but since the rulers can also measure UTM coordinates and distance, we are not going to focus on the lat/lon side as much.

Bulk or Retail Packaging: If you need retail packaging, which includes a hang tag, UPC bar code, and either a poly bag or a vinyl pouch, please add a “/R” to the part id when ordering. Currently there is no extra charge for Retail Packaging, however bulk packaging is the default.

Minimum Order: We ask that your first wholesale order total at least \$100 at wholesale prices. There is no minimum order amount for subsequent orders.

Product Details: Please refer to our catalog or our web site for additional product details.
